How to learn on your own with the app and the PDFs

For learners on their own

You can learn with these books without a class. This guide shows you how to find your level, study each chapter and use the PDFs.

Start

1. Open the app link on a computer, a tablet or a phone.
2. Type the access code you received.
3. Choose On my own. You can change this later on the home page.
4. Choose English or Arabic at the top.

Find your level

1. Take the Level test on the home page. Ten short questions suggest a level for you.
2. The home page then shows a book at that level.
3. You can also choose any story and level yourself: A2, B1 or B2.

Study one chapter

1. Before you read: look, guess or find the answer fast.
2. Listen once and follow the text.
3. Read one short part at a time. Tap an underlined word to see its meaning.
4. Do the Quick Challenge. After a wrong answer, find the answer sentence, read it again and try again.
5. Look at Language Focus and check I can.
6. Questions without one right answer have an example answer. Answer first, then look.

Keep your words

1. Tap an underlined word and choose Save to My words.
2. Open My words from the menu and review them after one day, three days and one week.

Seyahatname: your travel journal

1. Open Seyahatname on the home page. On a phone, it has its own tab.
2. Finish the Quick Challenge of a chapter and its stamp is pressed in your journal.
3. Finish the Final Challenge of a book and the book is sealed.
4. If you like, choose a weekly goal. A new week starts on Monday. Nothing you earned is lost.
5. Finish all the books of a level in one language and your certificate for that level is ready.
6. New device? Choose Show my code here, then I have a code on the new device.

Your Self-Study Guide

1. Every book has a Self-Study Guide in the menu.
2. It gives a study plan for each chapter and tells you what to do next.
3. Start with Make Your Plan. When you finish the book, answer Look Back.

Finish the book

1. Do Knowledge Check, Vocabulary Challenge, Language Review and Final Challenge.
2. Your result card shows how you did.
3. The app then suggests your next book.

The PDFs

1. Story book: The story and the activities on paper. Its QR codes open the same page in the app. You can also choose Story only or Story + Workbook.
2. Self-Study Guide: The study plan on paper.
3. Open the book menu. The PDFs are under Printable PDFs.
4. A PDF opens in your browser. You can print it or save it.

Good to know

1. No account is needed. Your work is saved on this device.
2. Save this book offline in the menu to read without internet.
3. Install app on the home page puts the library on your device like an app.
